RE: Cumberland Storm Sewer Application

To whom it may concern:

The City of Cumberland is committed to completing the proposed storm sewer project. To that effect, the city is prepared to bond for the city's local share if I-Jobs II funds are awarded, either in the form of a general obligation bond or as a new storm water utility which would have its own fee structure from which a revenue bond could be applied. The decision as to the structure of the financing will be made in the best interest of the residents of Cumberland.

Sincerely,

A handwritten signature in cursive script that reads "Pat Becker, City Clerk".

Pat Becker
City Clerk
